

Operators under the age of 18 must not clean the machine.
Operator to wear PVC or disposable apron and gloves when cleaning the machine.

AFTER EACH USE

1

Isolate the equipment from the power supply. Lift back the outer plastic cover to **expose** the **internal jug**.

2

Lift the plastic jug from the black holding base. **Remove** the black jug lid and **clear middle from the lid**.

3

Take jug and both parts of the lid to the sink. **Wash** in **M1** Cleaning Detergent solution **followed by M2** Sanitiser solution. Ensure hard to reach internal jug surfaces are cleaned especially under the rotating blade.

Using a designated cloth and **M1** Cleaning Detergent solution **wipe over all surfaces** of the **jug body**, ensure hard to reach areas and undersides also cleaned. **Follow with** a cloth and **M2** Sanitiser solution.

Allow all cleaned surfaces to air dry and then replace jug and lids.
