# RAPID DRYING AID

### DESCRIPTION

M5 Rinse Aid is an additive used to give a dry; spot and streak free finish to crockery, cutlery and glassware. M5 Rinse Aid is for use in automatic and semi automatic dishwashing machines.

#### **USE INSTRUCTIONS**

M5 Rinse Aid is added to the rinse water via an automatic dispensing system. The rate of use is between 0.05% to 0.15% v/v, though actual levels should be determined through a series of trials.

### **TECHNICAL DATA**

Appearance	Colourless, non-viscous liquid
Odour	Detergent
Foam	No foam
Specific Gravity at 20°C	1.0
pH (1% solution at 20°C)	6.0 - 8.0
Storage Temperature Range	0°C to +40°C (As supplied)
Shelf Life	Minimum of 2 years under normal conditions
Holchem Classification	NEUTRAL

### **PRODUCT COMPATIBILITY**

It is safe for use on all common materials of construction.

#### **BIODEGRADABILITY**

The surfactant(s) used in this preparation complies (comply) with the biodegradability criteria as laid down in the European Detergents Regulation No 648/2004. Not expected to Bioaccumulate.

## SAFE HANDLING & STORAGE

Keep containers tightly closed.

COSHH places a duty on employers to assess and control the risks of using hazardous substances. The Safety Data Sheet provides the relevant information about the product to assist with this assessment.

This product is classified as EUH208 Contains Reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-4-isothiazolin-3-one [EC no. 220-239-6] (3:1). May produce an allergic reaction. This applies only to concentrate form not dilute use solution.

## ΡΑCKS

M5 Rinse Aid is available in the following pack sizes:

5 Ltr 20 Ltr

### GENERAL
