4 - 5

READY TO USE

Usage Instructions

Dilution:

M8 Hand Mousse is a ready to use product for the topping up of dispensers.

Application:

Wet hands with warm water and apply 1 shot of M8 Hand Mousse, work the soap around all parts of the palm, back of hand, wrist, fingers and fingernails for 30 seconds minimum.

Rinse hands thoroughly under warm running water.

Dry hands thoroughly using suitable disposable towelling or a hygienic hand dryer.

Note:

After drying of hands, a suitable hand sanitiser should be applied. (Autosan, Dermolsan, Luxsan, Handsan or Foamsan are available.)

After regular hand washing and sanitising it is advisable to re-moisturise skin. (M9 Hand Care is available.) Skin should only be re-moisturised during breaks/after completion of shifts.
