2027

Level 4 – Cleaning In Place

Venue Kersia, Gateway House, Pilsworth Industrial Estate, Bury, Greater Manchester, BL9 8RD

Date Tuesday 9th & Wednesday 10th March 2027 (2 days)

Time 09:00hrs - 17:00hrs

Price £799.00 + VAT per delegate
€934.83 + VAT per delegate

Who Should Attend? This course gives detailed and practical training for Hygiene Managers and Technical personnel directly involved in the management of Cleaning in Place systems. It is recommended that delegates are qualified in CIEH Level 4 Food Safety or equivalent.

Course The course is designed to enable a technically qualified person with good understanding of open plant cleaning principles and chemistry to be competent in understanding and assessing cleaning in place circuits and CIP sets. The 2-day course is split between presentations and workshop sessions.

Contact For any queries, specific dietary or physical access requirements please contact Kersia's Food Safety Specialist, David Childs:
david.childs@kersia-group.com

Bookings https://www.kersia.uk/shop/training-courses/

Programme

Day 1

- CIP - Introduction
- Vessel Cleaning
- Pipework Cleaning
- CIP Set Types
- Workshops

Day 2

- CIP Management
- Chemistry of CIP
- Hygienic Design
- CIP Optimisation
- Workshops

Independent Study

An estimated additional 2 hours of independent study is required between Day 1 and 2.

An estimated additional 12 hours of independent study is required after the course.

Assessment

Assessment is through submission of a portfolio of evidence consisting of a series of workbooks and assignments; the latter being employment based. The workbook is submitted for marking and moderation and, if successful, the candidate is awarded with a Level 4 certificate in CIP by Highfield Awarding Body for Compliance. This course is broadly comparable to the level of study required for Level 4 NVQ / SVQ.

Course Feedback

"The whole 2 days from start to finish was excellent; all my expectations were not just met they were exceeded. The presentations & materials used for training the trainees was just right; the balance of class work versus hands on was perfect. No PowerPoint overload."

"Great course with good relevance to my place of work. Works well with the 4 different presenters. Lots to get through but enjoyable and informative."
