

2024

Level 4 – Listeria Management

Venue	Kersia, Gateway House, Pilsworth Industrial Estate, Bury, Greater Manchester, BL9 8RD
Date	Tuesday 4 th & Wednesday 5 th June 2024 (2 days)
Time	09:00hrs - 17:00hrs
Price	£700.00 + VAT per delegate €805.00 + VAT per delegate

Who Should Attend? This course gives detailed and practical training for Technical, Engineering, Production and Hygiene personnel directly involved in the management of Listeria in the food industry.

Course The course is designed to enable a technically qualified person with a basic understanding of microbiology to be competent in understanding the basic components of a Listeria control plan and in the critical assessment of their own manufacturing facility. The course is run over 2 days and includes a blend of presentations and delegate-led practical sessions.

Contact For any queries, specific dietary or physical access requirements please contact Kersia's Technical Service & Training Manager, David Childs:

Assessment

The training will be assessed via the completion of a formal examination. If successful, the candidate is awarded with a Level 4 certificate in Listeria Management by Highfield Awarding Body for Compliance. This course is broadly comparable to the level of study required for Level 4 NVQ / SVQ.

Course Feedback

"The Level 4 Listeria Management Course was something I had been planning to go on for a couple of years. It was well worth the wait. The 2 days flew by. The presenters are knowledgeable and engaging with answers to many of the questions we threw at them."

"I found the course that useful, the first thing I did once returning to site was to recommend it to our Technical Manager."
