

Foodservice & Facilities

Kersia is a global company specialising in hygiene and food safety solutions.

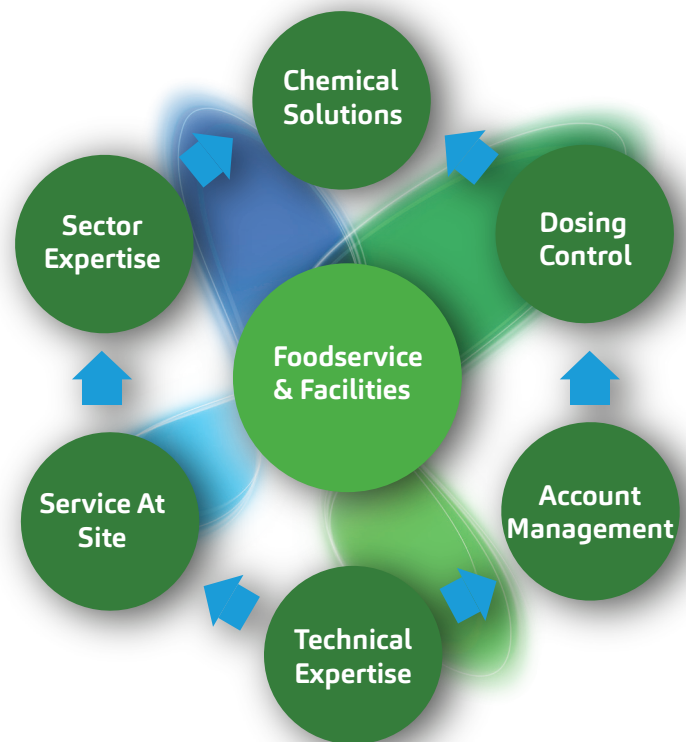

Foodservice & Facilities Division

Kersia focus on developing, manufacturing, and distributing a wide range of innovative products and services designed to protect public health by ensuring the safety and quality of food from farm to fork.

Kersia provides expert consultation, training, and support services to help businesses implement best practices in hygiene management.

This holistic approach combines product innovation with practical guidance, ensuring that customers can maintain high standards of food safety and biosecurity in their operations.

By prioritising sustainability and regulatory compliance, Kersia aims to safeguard human health, while also enhancing operational efficiency and product quality for their customers.

Our Market Segments

Providing effective hygiene systems and solutions across a number of sectors, meeting our customers' needs and mindful of the ever increasing pressures placed on their businesses

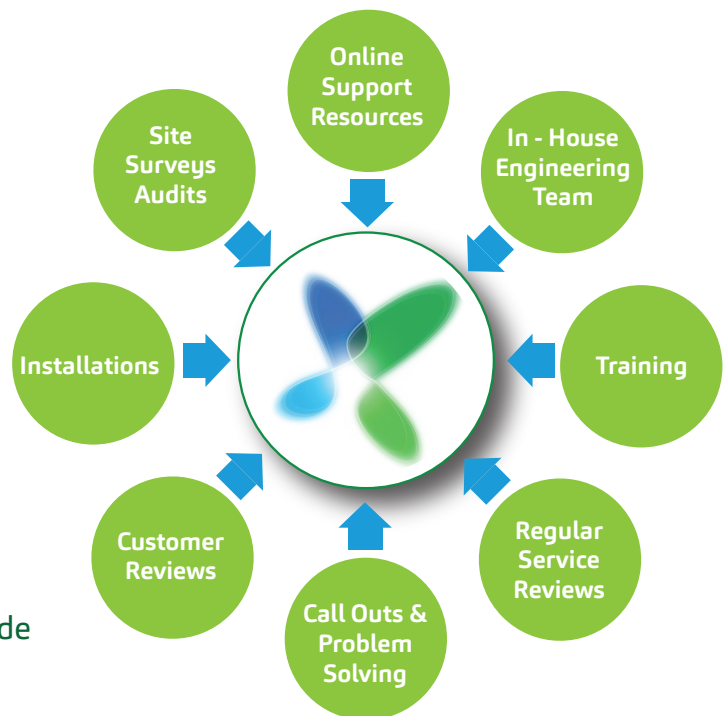

Providing chemicals to customer sites is only just the beginning. Regular service and support at customer sites is critical for ensuring that customers can maintain high standards of food safety and hygiene in their operations.

Our full-service visits include checks on:

- **Dosing Accuracies**
- **Correct Product Application**
- **Support Material**
- **General Hygiene Observations**
- **Machine Dishwash Performance And Condition**
- **Regulatory Compliance**

All operational areas are included; Front of House, Kitchen, Bar, Housekeeping, Laundry, Spa and Outside areas.

- **Long Term Care**
- **Hotels**
- **Catering Services**
- **Education**
- **Sports Facilities**
- **Restaurants**
- **Healthcare**
- **Contract Cleaners**
- **Convenience Stores**
- **Retail**

Site Services

Relevant and detailed reporting of all activity carried out at customer sites ensures that the cost savings, safety and operational efficiencies points are captured and acted upon. Head office summary reports are also included.

All service at site is captured on the Kersia 360 Mobile App with reports for the full breadth of activity:

- **New Site Surveys**
- **Installations**
- **Full-Service Visits**
- **Call-outs**
- **Training**
